BlockTrust Network

Privacy Statement

This Privacy Statement covers:

Information We Collect.

Information is gathered from the BlockTrust Network by us and our partners.

Information You Provide.

We may collect information that you choose to provide on the BlockTrust Network in a variety of ways, such as when you:

1. register for one of our products or services, which may include your name, address, telephone number, email address, and information about your business.
2. make information available to us via social networking logins, such as Facebook or Twitter.
3. provide payment information for one of our products or services.
4. subscribe to newsletters or provide feedback; and
5. participate in surveys, sweepstakes or other promotions.

Automated of Manually Collected Information. Information regarding your use of the BlockTrust Network may be collected and/or aggregated using automated means. This automatically collected information may include information such as:

- your IP address, the type of browser and operating system used.
- date and time you access the BlockTrust Network and pages you visit, and if you linked from or to another website, the address of that website; and
- your ISP or mobile carrier, and the type of handheld or mobile device that you used.

Aggregated Data.

Ledgerspace will use the BlockTrust Network to collect, analyze, and use aggregated data for a variety of purposes. Aggregated data is anonymous (nothing that identifies a user) data or content that is collected from one or more users and sorted, segmented, aggregated, compiled, classified or otherwise combined by any means for any purpose. Ledgerspace retains all right, title, and interest in and to such aggregated data that is obtained in, by, and through the BlockTrust Network by any means whatsoever. Any such aggregated data may be sold, shared, licensed, sublicensed, and otherwise used or disposed of in Ledgerspace's sole and absolute discretion.

Data Technologies.

Various technologies are used to automatically collect information, such as cookies, local shared objects, and web beacons (generally referred to as "Data Technologies"). "Cookies" are small identifiers sent from a web server that are stored on your device for the purpose of identifying your browser or storing information or settings in your browser. "Local shared objects," sometimes known as Flash cookies, may be used to store your preferences or display content based upon what you have viewed on various websites to personalize your visit. A "web beacon," also known as an Internet tag, pixel tag or clear GIF, links web pages to web servers and their cookies. Anonymous advertising identifiers are increasingly

being used on mobile devices and otherwise in a manner similar to cookies. When we refer to Data Technologies, we are including all current and similar future technologies. One or more Data Technologies may be used on the BlockTrust Network and other websites and mobile applications (that may not be the Ledgerspace Technology) by us, by another party on our behalf, or by third parties in accordance with their privacy policies. Data Technologies may be used by us and others, on our behalf and on their own behalf, to transmit information to you or about you and connect information about you from different sources, websites, devices, and mobile applications.

Location Information.

When you download or use the Ledgerspace Technology, we may collect physical location information that is sufficiently precise to allow us to locate a specific person or device ("Location Information").

Publicly Posted Information.

Information that you make available to us and others via social media networks, forums, blogs, list serves, chat rooms or similar functionality is public information that we or others may share or use in accordance with the law.

Combined Information and Information from Other Sources.

We may combine information that you provide to us, directly or indirectly, through our affiliates and other sources, and also with other information that is automatically collected. The combined information may include information about your use of the Ledgerspace Technology, your use of other websites, devices and mobile applications and information from our affiliates and other sources.

How We May Use the Information We Collect

We may use information we collect for the following purposes:

1. for everyday business purposes, such as establishing and managing your user account, providing products and services you request, processing and collecting payments and providing customer support.
2. to provide advertisements, promotions, and/or offers that we think you might be interested in.
3. to offer our other products or services and/or the products or services of others to you.
4. to communicate, and administer your participation in, special events, programs, surveys, contests, sweepstakes and other offers or promotions.
5. to enable you to interact with Ledgerspace and other third parties through various means, such as social media.
6. to evaluate and improve our business, including developing new products and services and analyzing the effectiveness of products, services, applications and websites.
7. to diagnose and address technical and service problems.
8. to perform data analyses, including market and consumer research, trend analysis, demographic analysis and financial analysis.
9. to deliver content (including advertising) correlating to your interests and browsing and usage history, both within the BlockTrust Network and on other websites and applications.
10. to comply with applicable legal requirements and our policies; and

11. to contact you via telephone, text or chat *(after obtaining your consent to contact you when and in a manner not prohibited by law).

Information We Share.

We do not sell or otherwise share information about you that we collect or receive, except as described below:

Our Service Providers. We may engage third parties to provide the services offered through or in connection with the BlockTrust Network on our behalf. We require such providers to maintain information about you as confidential and to use the information only to perform the services specified by us in a manner consistent with this Privacy Statement.

Co-Sponsored Promotions. If you participate in a survey, sweepstakes, contest or other promotion that is co-sponsored by Ledgerspace and a third party, we may share information collected in conjunction with the survey, sweepstakes, contest or promotion, including personal information, with that third party. After the information is provided to those third parties, the subsequent use or disclosure of such information is subject to their privacy policies and practices. Surveys, sweepstakes and other promotions conducted on behalf of Ledgerspace and a third party will include branding from both Ledgerspace and the third party.

Promotions on behalf of Third Parties. Periodically, third parties may conduct surveys, contests, sweepstakes and other promotions for their own purpose on the Ledgerspace Technology. Information you provide in response to those activities is governed by their privacy policies.

Corporate and Asset Transactions. If we sell all or substantially all of our business or sell or transfer all or a material part of our assets or are otherwise involved in a merger or transfer of all or a substantial part of our business, we may transfer all information we have collected and stored, including personal information, to the party or parties involved in the transaction as part of that transaction.

Other. We may access or disclose information, including personal information, to:

- protect or defend our interests and the legal rights or property of Ledgerspace and our affiliates;
- protect the rights, interests, safety and security of users of the BlockTrust Network or members of the public.
- protect against fraud or for risk management purposes; or
- comply with prudent legal practice as we may determine, and applicable law or legal process.

Your Choices.

You are entitled to make certain choices about how we communicate with you.

You may choose not to provide personal information, even though that might impact your ability to register or receive a particular product or service.

If you do not want to receive marketing email from us, you can unsubscribe from such emails.

You have several choices regarding certain Data Technologies. Most web browsers automatically accept cookies, but you can usually modify your browser's setting to decline cookies if you prefer. You may also render some web beacons unusable by rejecting their associated cookies and disable or delete similar data used by browser add-ons, such as Flash cookies, by changing the add-ons or the website of the technology provider. If you choose to decline cookies or similar technologies, however, please note that certain features may not function properly or at all as a result. You may be able to adjust the use of advertising identifiers on mobile devices through the settings on your device. Finally, if you do not want to use a uniquely generated telephone number, you may choose to not call us.

If you do not want us to use Location Information, you can decline our initial invitation to provide that information or opt out by changing the location services settings on your mobile device. However, please note that certain features may not function properly or at all as a result if you opt out.

Access and Correction. Access to information that we collect and maintain about you may be available to you. For example, if you created a password-protected account within the Ledgerspace Technology, you can access that account to update the information you previously provided. Additionally, if you believe that information we maintain about you is inaccurate, subject to applicable law, you may request that we correct or amend the information by contacting us as indicated in the "How to Contact Us" section below.

Links

The BlockTrust Network may contain links to websites not operated by us, as well as third party widgets and applications discussed above. Once you leave the Ledgerspace Technology, we suggest that you review the applicable privacy policy of the third-party website or application. We are not responsible for the content or use of any websites or applications other than on the BlockTrust Network or the privacy practices of those websites or applications.

Data Security

We use commercially reasonable administrative, technical, personnel, and physical security measures designed to safeguard information about you in our possession against loss, theft and unauthorized use, disclosure or modification. Of course, despite these measures, we cannot guarantee perfect security of networks, servers and databases we operate or that are operated on our behalf. Ledgerspace utilizes Secure Sockets Layer (SSL) software, which is among the best software available today for secure commerce transactions. It encrypts all your personal information, including credit card number, name, and address, so that it cannot be read over the internet.

Disputes

If you choose to visit the Ledgerspace Technology, your visit and any dispute regarding privacy is subject to this Privacy Statement and our Visitor Agreement, including limitations on damages, resolution of disputes, and application of the law of the state of Missouri

Updates to this Privacy Statement

We may update this Privacy Statement to provide clarification or notice of changes to our practices. If we make changes, we will revise the date at the top of this Privacy Statement. We will provide you with additional notice of material changes by posting notice of the changes for fifteen (15) days before we implement those changes.

How to Contact Us.

If you have any questions or comments about this Privacy Statement, or if you would like us to update information we have about you or your preferences, please contact us by email at the following address: info@blocktrustnetwork.com
